

Ladner Minor Baseball's Pee wee Excel Program

Pee wee Excel Program

This program was designed because Ladner Minor Baseball does not tier at our Pee wee level. This is an opportunity for our players to play at the AA level without jeopardizing our great house program.

The program is designed to provide an opportunity for both first and second year players who are keen to develop their skills and play at a higher level than the House level.

The program will run from the middle of April to the end of June and will have one or two time slots set aside each week. The days and time slots will be determined by the division manager and on the number of players involved. There will be scheduled training, inter-squad games, exhibition games against other associations Pee wee AA teams and the possibility of a tournament or two.

Please contact the **Pee wee Division Manager** for further information
